Dear friend and colleague:

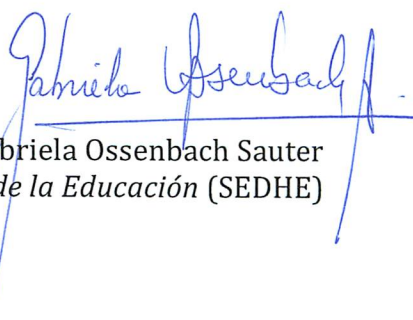

The *Sociedad Española de Historia de la Educación* (SEDHE) wants to join the memorial that the International Centre for Historical Research in Education will hold on February 6 in honour of Professor Richard Aldrich. For the Spanish community of historians of education Professor Aldrich was an important reference in the academic and personal field and his death has been strongly felt by the members of our Society.

Precisely in 2008 the journal *Historia de la Educación* (University of Salamanca) published an interview with Professor Aldrich made by our colleague Professor María del Mar del Pozo. Thanks to this interview, Spanish and Latin American historians of education could meet his figure in a very closely way.

Please, find in these lines our heartfelt recognition of the figure of Professor Aldrich and our fraternity towards historians of education in the UK.

With my appreciation and friendship, on behalf of myself and all the Spanish Society of History of Education .

Gabriela Ossenbach Sauter

President of the *Sociedad Española de Historia de la Educación* (SEDHE)
